

VISION 2020

I believe that the greatest days are ahead for HFBC.

I believe we are positioned for a greater work and God desires to do greater work through us.

Ephesians 3:20-21: Paul prays this for the Ephesian church

We must believe that God's plan for our church is God-sized.

To not believe will be detrimental to our future.

I believe today is a new day, not just a new year or decade. Now is the time to move into that future.

I believe we must be unified by a fresh vision and there is power in unity.

I believe we need a compass: a clear, concise, compelling and customized statement of purpose to give us direction.

We exist to connect the disconnected to Christ, His Church and His Cause.

Connecting people to life!

I believe cultural Christianity is the norm in Huntington.

People are disconnected to Christ by not being saved and/or not walking with Him daily.

People are disconnected to His church, by taking the church for what they want.

People are disconnected to His cause, by doing their own thing or fitting God into the life they want to live.

We need a complete connection to the gospel.

Connected to Christ in salvation and daily walk

Connected to church in commitment, involvement, giving

Connected to Christ's mission in time, energy and talents

The visual imagery is of the Ripple Effect.

The Gospel makes an impact in my life and radiates outward in circles of impact.

Acts 19:10: Ephesian church spread the Gospel outward into all of Asia

1 Thess. 1:8: Thessalonian church sounded forth the Gospel into all of Greece

We need to take spiritual responsibility to those in our circles and then build bridges to others.

The God-sized goal is that every person in Huntington have a relational connection to the Gospel.

Church Challenges for Maximum Impact:

Relationally connect the Gospel to people

Develop deeper relational connections

Invest in and empower younger leaders

Update and upgrade facilities

Develop future givers

What could God do if we give ourselves to this?

It will require something from each of us individually.
